CORE CAPABILITIES

Leota Professional Resources, LLC is dedicated to the provision of workforce management, facilities management environmental health and safety (EHS) management services solutions to government agencies. Our expertise includes providing a diverse, qualified, professional and flexible workforce that is tailor-made to meet and exceed your workforce staffing needs. In addition we have over 25 years experience developing successful facilities, safety, health and environmental cultures to meet statutory requirements while achieving industry best performance practices for our clients.

WORKFORCE MANAGEMENT

- ◆ Integral to our solutions is the recruitment and staffing of high quality human resources to support and enhance our clients' operations.
- ◆ Our employees cover all levels of expertise to support strategic, operational and financial goals.
- ◆ We provide a professional, diverse and flexible workforce, tailor made to accommodate our clients' needs.
- ◆ We can provide full teams, or individual placements allowing our clients to manage budgets, while maintaining control of projects.

FACILITIES MANAGEMENT AND OPERATIONS

- ◆ Our services provide a single point of accountability for all facility maintenance requirements, working with clients in an ongoing relationship to oversee maintenance staff and implement practices that will optimize the performance of building operations and enhance environmental quality
- ◆ We assist our clients in setting goals and outlining procedures for managing sustainable operations throughout the life of the building, including basic facility management and maintenance planning for indoor environmental quality, energy, fuel and other resource efficiencies.

ENVIRONMENTAL HEALTH AND SAFETY (EHS)

- ◆ Our EHS team can help companies manage their workplace risk and comply with environmental and workplace health and safety legislation, achieve financial benefits and have greater accountability to our communities.
- ◆ As part of our solutions, we plan and develop compliant environmental and safety management systems, carry out and monitor strategic implementation and review against required outcomes.
- ◆ We can offer a wide range of risk management solutions that help companies mitigate their levels of risk and create a safer workplace for their employees.
